🐙 github.com/LekoArts

- Started learning React with Gatsby. It offered a playground to try things quickly
- Working on open source projects, including free themes for Gatsby at themes.lekoarts.de

Agenda

Live Demo 🙏

- Creating a new project from scratch
- Overview of a Gatsby project
- Adding functionality through plugins
- Leveraging the local filesystem to write notes
- Create pages using the new File System Route API
- Leverage a plugin to access remote APIs

Demo

That's all, folks! ✌️
